POLICE CHECK THE "RED" CONNECTION

EXCLUSIVE: see Page 8:

If the British Nationalist Community were to advertise "Street Awareness and Self Defence" courses for Young Nationalists, could you imagine the reaction from the media? Allegations of "Vigilantism, para-Military training and provocation" would pour down from above. The Board of Deputies would demand, and get, a meeting with the Police Commissioner, and there would be a rush to infiltrate the group by MI5, Special Branch and Searchlight. Tame MP's would ask questions in the House, and there could even be a special "World in Action" programme about it. With all this in mind, we print the following advertisement from the "Jewish Chronicle" without further comment !!

Our next courses in

The news that at long last the Jewish Authorities have admitted that the "Holocaust" death tolls were **WRONG**! and in fact were fabricated by the Russians, must now cast serious doubts on the validity of the "evidence" recently received from the same sources, which is to be used in proposed "War Crimes Trials" in Britain. Now will the Government drop plans for these "Trials of Revenge" before our legal system becomes a complete fiasco?

* * * * *

It came as no surprise to learn that the Security Forces are at last going to investigate the links between left-wing groups such as Red Action and AFA, and the IRA and INLA. We have already suggested to the authorities that they should also look closer at the activities of Red Action's "fellow-travellers" such as Searchlight magazine. After all, you are judged not only by your own deeds, but also by the "FRIENDS" that you keep.

It was interesting to note that at long last Tim Hepple finally made his T.V. debut on "World in Action". Tim said he had infiltrated both the BNP, which is true, and also C18, which is not true. We hope that those who wrote demanding "evidence" of Hepple's treachery are now satisfied, and will sent us the information that we requested forthwith. We have also written to the Crown Prosecution Service, asking them to view the programme, with a view to prosecuting Hepple over his admission that he was part of a gang which attacked and badly injured a lefty leafleter. Finally let us repeat our comment made in issue 19, that "spying" has always been a rather hazardous occupation, as "spies" when discovered, are customarily treated with extreme hostility, and long may this custom remain.

JEWS ADMIT 6 MILLION LIE !

The influential, "International Council of Jewish Groups", who, along with the "Auschwitz Camp Survivors Association" administer the "Auschwitz Memorial Centre" in Poland, have at last admitted that the claim that FOUR MILLION prisoners died in the wartime labour camp, WAS A LIE !

A plaque soon to be unveiled at the site of the camp will claim instead, a death count of ONE and A HALF MILLION prisoners, a reduction of some TWO and A HALF MILLION

The Jewish groups have blamed the inaccuracies on figures presented by the Russians, whose forces were first to enter the camp in 1945.

These figures were then used as "evidence" at the infamous Nuremburg "War Crimes Trials".

Since then a whole "industry of lies" has grown up around the myth of the "Death Camps".

Germany has paid out billions of marks in "reparations" to both individuals, and the State of Israel, and many brave German soldiers have been executed for their part in the "Holocaust".

The existence of Concentration Camps is a FACT. That the occupants were forced to work in agriculture and industry for the benefit of the German war effort is a FACT.

But when the World Jewish Congress declared war on Germany in 1933, they made all German Jews "fifth columnists", and during wartime, as is normal in all countries, those suspected of "being likely to give assistance or comfort to the enemy" were interned.

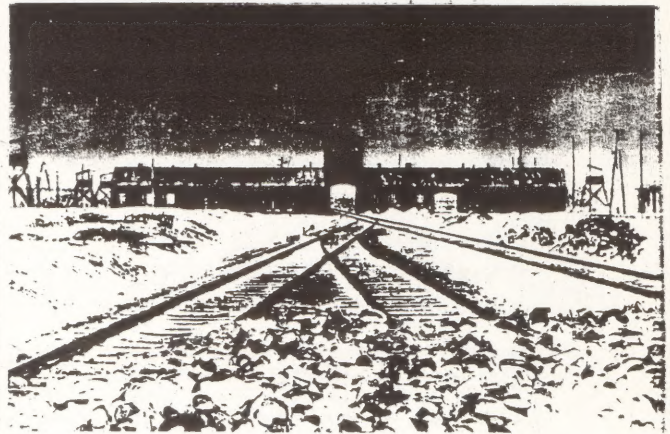

That hundreds of thousands, possibly as many as a million inmates died in these camps as a result of overcrowding, starvation and epidemics of contagious diseases such as typhoid and dysentery is also a FACT.

But since the war, dozens of people, including former soldiers, scientists, historians, and even former camp inmates have denied the figure of SIX MILLION AS A LIE, and now, almost fifty years after the camps were liberated, THE JEWISH AUTHORITIES HAVE ALSO ADMITTED "THE SIX MILLION" LIE !!

C18 DENY ATTACK ON RED BOOKSHOP !

COMBAT 18 have denied allegations that they were responsible for a recent attack on an Anarchist bookshop in the Whitechapel area of East London.

The bookshop, Freedom Press, was attacked by five men wearing balaclavas, and badly damaged. The inscription "C18" was sprayed on the walls by the attackers.

A man claiming to be a spokesman for C18, told League Sentinel, "the attack on the bookshop was nothing to do with us. It is not our scene. If we had done it, we certainly wouldn't have sprayed our initials on the walls. The rumours are that a rival anarchist group, possibly Class War, was responsible".

WORKERS POWER QUILTS AFA

Workers Power, the British Section of the Revolutionary Communist International, has confirmed that it has left the "Anti-Fascists Action" gang, following a dispute over policies adopted by another AFA group "Red Action".

It would seem that, whilst Worker's Power favour "United Front" attacks against Nationalists, and supporting "Actions" planned by other "anti's" such as the SWP and ANAL, Red Action have adopted a more sectarian policy of "We are the United Front, come and join us".

This latest split now leaves AFA with only a small grouping of Red Action "provos", and a few "glue-sniffing anarchists" from the "Direct Action Movement", plus some squatters from "Class War".

Members of the "Union of Jewish Students" can still be relied on for funds and "intelligence gathering" roles, but are not inclined to be "street fighters", as "Mummy and Daddy" disapprove.

Workers Power now plans to offer its minuscule support to any group that will accept it. However not many will take the risk of adopting Workers Power's plan to "... adopt militant fighting methods to crush the Fascists, and to break up their parties, and to drive them back in the sewers".

This type of ambition has often led to "bloody reprisals" from various Nationalist groups, and periods of hospitalisation for the foolhardy that have tried to implement it. Perhaps that is why Workers Power are also insisting on the formation of "Workers Defence Squads".

It must be noted, that none of the "democratic" anti-Fascist groups mentioned in this article, have the courage to put their policies to the British electorate in the "democratic" way, but prefer violent "confrontation tactics instead.

Nationalists are more willing and able to defend their rights to express themselves politically than ever before, and if the ambitions of Workers Power, of "smashing and crushing" Nationalists, ever evolves into more than just a dream, then I fear that they will have bitten off more than they can chew.

GOVERNMENT GIVES CASH FOR IMMIGRANTS DELAYS

Whilst Chancellor of the Exchequer, Norman Lamont, lays out his plans to raise millions of pounds by imposing value added tax on necessities such as fuel and heating bills, his Government colleagues are planning to pay immigrants thousands of pounds in compensation if their applications to settle in Britain are delayed.

The proposals come from the all-party Home Affairs Select Committee, who have decided that as some immigrants are being forced to wait for up to two years for a decision from the Immigration and Nationality department, as to whether or not they will be allowed to settle in Britain, they should be compensated for the delay. This would apply even to those who are eventually refused permission to stay.

A committee spokesman admitted that several compensation payments, of up to TWENTY-THREE THOUSAND POUNDS had already been paid to a few immigrants, and stressed that many more could claim, if the scheme was advertised better.

He added, "We think that it is intolerable that these applicants should have to face such a delay, and the payment reflects the distress and possible financial losses that the delays could cause."

Would be immigrants: Paid for delays.

A recent criminal case in Caernarvon Crown Court showed the close connections between our British State Police and the Intelligence Services M.I.5, with staggering clarity.

The case involved several members of a Welsh non-Racial Nationalist group, "Meibion Glyndwr" who were accused of explosive offences, and should be studied with interest.

The star witnesses for the State, were several self-confessed agents of M.I.5. who were suitably hidden from public view by strategically placed screens, from behind which, they were allowed to give their evidence.

The agents told the court that the accused had been first identified from Special Branch video's and photographs taken at various Welsh Nationalist demonstrations, then the alleged "ringleader" was placed under "full" surveillance, which included the breaking into his home TWICE by MI5 agents, who planted electronic "bugging devices".

A total of 38 MI5 agents were used during the operation which lasted several months.

*** Note *** A former Military Intelligence Officer told our "Sentinel" reporter that the most effective deterrent against "Judicial breaking and entering" was still, "a good burglar alarm, and a bloody big dog" !!

A Tory MP, Cyril Townsend, has claimed that the "War Crimes Act", which allows the trials of alleged "War Criminals" to be held in Britain, was personally initiated by former Prime Minister Maggie Thatcher following a request by the Israeli government.

Mr Townsend, who has frequently condemned the new act, said that he believed that the subject had first been mentioned whilst Mrs Thatcher was on a visit to Israel in 1986.

The Prime Minister had upset the Israeli authorities by criticizing their "abominable" treatment of the Palestinians, and was desperately looking for a "sweetener" to placate her hosts. When the Israeli Foreign Minister asked if it would be possible to try alleged War Criminals in Britain, Mrs Thatcher promised to investigate the matter, and to lend her "personal support".

On her return to Britain, Mrs Thatcher found herself a target of what Mr Townsend describes as "lobbying" from "a highly financed overseas pressure group, which I believe is seeking NOT JUSTICE, but REVENGE".

Mrs Thatcher, now Baroness Thatcher has declined to comment on the allegations.

The Home Office has promised to consider a request to fund a special "Kosher Meals Service" for Jewish convicts.

The scheme was launched last year by the United Synagogues of Britain, who provided Kosher food for Jewish prisoners out of their own considerable funds. But now with costs climbing, the Jewish Religious authorities have asked the Home Office to fund the scheme out of taxpayers money. Christian prisoners are currently fed three meals a day at a cost of only ONE POUND, TWENTY FIVE PENCE per day, whilst Kosher meals will cost THREE POUNDS, FIFTY PENCE, PER MEAL.

The Union of Jewish Students organisation are facing a problem that Nationalist organisations face regularly, and they don't like it !

The problem is that they want to hold a Social event, but are finding certain venues barred to them !

The latest attempt by the UJS to hire a Liverpool Council Hall, has met with rejection on the grounds that THE VENUE MIGHT BE DAMAGED.

Predictably the UJS are not amused, and are said to be considering legal action.

A spokesman for Liverpool Council defended their decision to ban the UJS saying that they had evidence of damage to other venues previously used by the Jewish Students.

A Truro City Councillor, John Cockle, has angered the organisers of the "Anne Frank Exhibition" by claiming that the famous diaries WERE A FAKE !

The exhibition, which was being held in Truro Cathedral, Cornwall, had asked the local council for a donation towards the 7000 cost of staging the exhibition.

Councillor Cockle opposed the grant, stating, " I am not pro-German, but I believe that this woman was a Traitoress, and that her family were Traitors because they were Germans who turned against their own Country ".

When questioned on his comments by the Jewish Chronicle, Councillor Cockle replied, " I have said what I have said, and I don't need to talk to you!

** Note ** As a reward for having the courage to voice his strongly held opinions, instead of toeing the official "Holocaust" line, League Sentinel will be sending Councillor Cockle FREE copies of the "LEUCHTER REPORT" and "IS THE DIARY OF ANNE FRANK GENUINE" by Professor Faurisson.

London's News and Current Affairs programme LBC, has appointed Dame Shirley Porter (nee Cohen) to be it's new chairman. This is not surprising when you realise that LBC was recently bought out by a company called Chelverton Investments, and who owns 45% of Chelverton ? none other than John Porter, Dame Shirley's son.!!

GERMANY

A Dominican Priest, Father Heinrich Streithofen, may face charges of "anti-semitism" over allegations that in a recent speech he told the audience that the "Jews and the Poles are the biggest exploiters of the German taxpayer".

Father Streithofen, was referring to the fact that almost 50 years after the end of WW2, Germany was still paying reparations to Polish and Jewish "Holocaust victims", as well as a "special" payment to Israel, of TWO HUNDRED AND FORTY MILLION POUNDS EVERY YEAR.

To date, Germany has paid a staggering TWENTY BILLION POUNDS in "reparations" to "Holocaust victims" worldwide, and is now processing claims for lost valuables from claimants who have been living in East Germany. Some FOUR HUNDRED MILLION POUNDS has already been paid out to Jews living in East Germany.

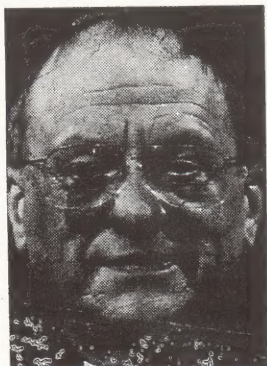

Poles, who had been used as forced labour during the War are also set to claim, despite the fact that Germany has already paid out over TWO BILLION POUNDS to the Polish Government to distribute to claimants.

Father Streithofen, who is 67, and manages the Dominican Institute for Social Sciences, at a monastery near Bonn, denies being a "Neo-Nazi", describing himself as "One of God's soldiers".

Father Streithofen also denies having ever been a member of the NSDAP, but admits serving his country in wartime as a paratrooper.

The public prosecutor of Osnabruck, confirmed that a complaint had been made by the Hanover Jewish Community, and agreed that if the allegations proved correct, then Father Streithofen could face trial.

A Young German told League Sentinel "They will certainly try to prosecute the Priest. Germans are not allowed to tell the truth or even pass an opinion, if it is in some way detrimental to the "Holocaust". We are talking about very big business, with massive profits for some."

Father Streithofen.

A respected Christian Democrat MP, Heinrich Lummer, has been widely reported as having had several meetings with Franz Schonhuber, leader of the Republican Party recently, fuelling speculation that the Christian Democrats and the Rep may form some type of electoral alliance before the next General Election in 1994.

This possibility becomes even more credible given the sweeping gains by the Rep in the recent regional elections. In the Hesse region, the Rep took almost 20% of the vote, whilst in the city of Frankfurt, the Rep now holds 12 seats on the city council.

Already leaders of Germany's Jewish community are condemning the swing to the Right, claiming that Schonhuber, a former volunteer in the Waffen SS, is a "Nazi in Democrats clothing".

In Bonn, an official from the German Government announced that there had been a record 2,285 "racial attacks" in 1992, a 50% increase on the previous year. These figures included 17 deaths of "Auslanders" (immigrants).

The power of the Jewish lobby in Germany was clearly demonstrated recently when the Brandenburg State Authorities banned the opening of a newly completed supermarket, built on part of the site of the former Labour Camp at Ravensbruck, following protests from Jewish organisations.

In an attempt to pacify the lobbyists, the German government has offered to spend some two million pounds on preservation of Holocaust memorials.

FRANCE

The Southern French City of Beziers exploded into two nights of violent rioting by North African immigrants, following the shooting by local Police of a 17 year old Moroccan car-thief. Over 200 immigrants took to the streets, looting and firebombing shops and cars.

PALESTINE

Members of the Israeli occupation army shot dead a three year old Palestinian girl when her father failed to stop his car quick enough at an Army checkpoint. The girl, Huda Siaj, is the EIGHTEENTH child to be murdered by Israeli troops this YEAR.

WORLD IN ACTION

WHAT A LOAD OF RUBBISH !!

The long awaited, much feted "World in Action" programme that promised to expose C18 as "a new Nazi Terror Network" finally arrived on our screens. and what a **disappointment** ! No well armed para-military "Nazi cells", just two well known and well respected Nationalists from South London, some twenty-year old newsreel of KKK activities in the USA., several alleged C18 "victims", all of whom either members or supporters of organisations that regularly threaten to "Smash Fascism or the BNP or both, plus, one "infiltrator" and one "defector", both of whom did their utmost to earn themselves a stiff prison sentence by confessing in front of some 8 million viewers that they took part in violent attacks against "anti-fascists".

We also saw several alleged victims of C18 arson attacks, and one elderly anarchist who claimed that his bookshop had been wrecked by C18, but the only "proof" that they could produce, was that someone had sprayed "C18" on the walls nearby.

Without wishing to be cynical, it does seem strange that any "clandestine" organisation would be daft enough to actually "claim responsibility" by doing this, after all surely the purpose of a "secret Nazi Terror Group" is to STAY SECRET !

THE "INFILTRATOR"

Then we had the "infiltrator", none other than Tim Hepple. Now we knew what Tim was up to several months ago, and so did the BNP.

But however, Tim was produced on the programme as "a SENIOR member of the BNP who worked at their headquarters.

In fact Tim, did join the BNP, and did assist at the BNP bookshop (they haven't got an headquarters), during the General Election packing leaflets. But the nearest Tim ever got to a SENIOR member of the BNP was when he made the TEA for Richard Edmonds and John Tyndall !

Tim then claimed he had been recruited by C18 to take part in an attack on some lefty leafleters. But he then states that he was with a "Skinhead Group", he doesn't mention C18, but just a "Skinhead Group". In Tim's own words, which may yet earn him a severe dose of porridge, .."WE walked out of the pub, and the group that I was with was a skinhead group, about 15 of US, and WE saw the leafleters...there was a skip full of bricks and bottles, and WE armed ourselves and basically charged into them...they didn't know WE were going to hit them until the last minute".

THE "DEFECTOR"

The next treat was the appearance of the "defector", or to be more accurate, an actor making out he was the "defector".

To protect his identity, World in Action called him "Simon", but we shall refer to him as "M.C."

"M.C." then went on to describe how HE took part in an attack on some ANL members campaigning in London's Brick Lane market, in August 1992. In his own

words... "WE decided that WE was going to teach these people a lesson...WE got bottles and change to throw in their faces, WE picked up stones....bricks in OUR pockets....WE ploughed into them...with bricks and bottles WE hit everybody WE could.

With a statement like that, "M.C." could very well end up sharing a cell with Tim Hepple !

The "defector" then went on to accuse the two Nationalists, Charlie Sargent and Eddie Whicker, of being the organisers of C18.

If our suspicions are correct, and the "defector" is indeed "M.C.", then we wonder if the disagreement that he had, when he was expelled from the BNP's Stewards Group, by Charlie Sargent, had any bearing on his allegations.

We also wonder if he didn't "colour" his "story" after being slapped and called a "coward" in front of several other people at the time of his expulsion ??

Perhaps "M.C." will contact us to tell of his strange behaviour.

REDS JOIN IRA TERROR GANG

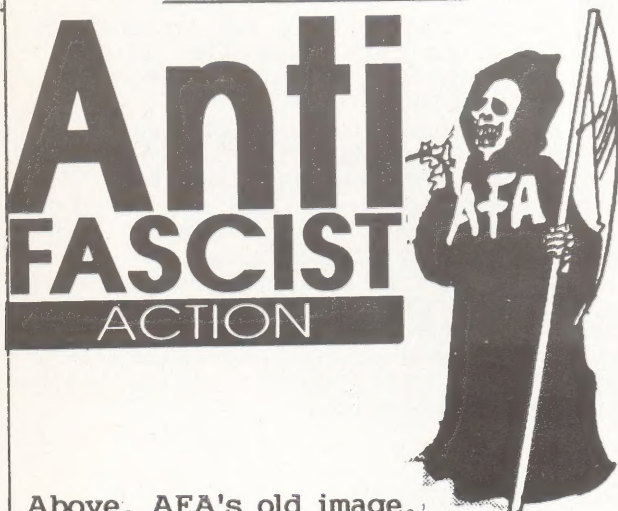

Following the latest IRA bomb outrage at Warrington, which cost the lives of two young children, Britain's Security Services are reported to be investigating several left-wing groups who are suspected of giving more than moral support to their colleagues in the Irish Republican movement.

In this exclusive report, League Sentinel names those organisations under investigation.

ANTI-FASCIST ACTION

Anti-Fascist Action, is merely an "Umbrella" grouping of various left-wing organisations, including well known "provo" supporters such as Red Action and Workers Power groups. The "anti Fascist" magazine "SEARCHLIGHT", edited by former Communist Gerry Gable, regularly gives extensive coverage to AFA events, and was recently thanked by the pro-Republican "Troops Out Movement" for its assistance at the "Bloody Sunday" march.

This new turn of events seems to suggest that Searchlight and AFA, may be leaving its traditional field of "anti-Fascism" to align more with its new Republican colleagues.

Above. AFA's old image.

Left. Could this be it's new one ??

After the march, the organising committee thanked the magazine, Searchlight, which had greatly helped prior to the day with

"Troops Out" magazine thanks Searchlight for its help !!

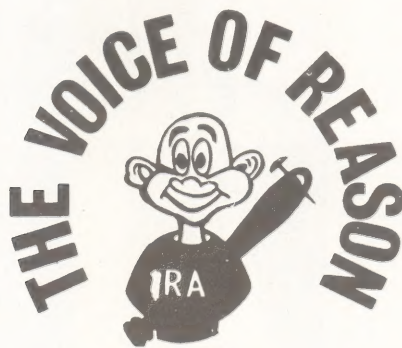

"Troops Out" marchers heard speeches from Mick Conlon, SINN FEIN's Foreign Affairs spokesman, and Jim Kelly, who is campaigning to free the murderers of two British Soldiers beaten to death by the IRA.

RED ACTION.

This Trotskyist group are founder members of ANTI-FASCIST ACTION, and are renown for their violence against any lefty "comrades" that disagree with their policies.

Over the past two years they have attacked members of both the "Campaign Against Fascism in Europe" and the Socialist Workers Party, and are generally given a wide berth by most left groups.

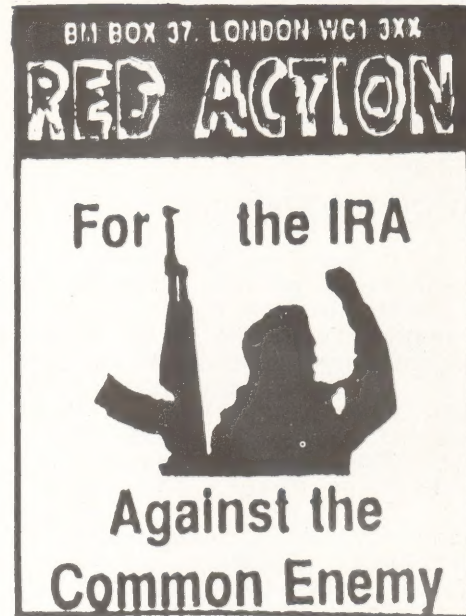

In campaigns against Nationalists they have fared less well, and with the exception of the cowardly attack on elderly Nationalists attending a book club meeting at Kensington Library some time ago, they have lost every encounter. Strangely enough, the Kensington Library attack, in which they had several of their top men arrested, gave the Police their first opportunity to launch a full scale investigation into this previously little known group. Red Action have never been shy with their support for the Irish Republican Movement, and have even provided stewards for the annual "Troops Out" march in London.

But recent developments now lead the Police to believe, that senior members of Red Action have been recruited by either the IRA or the Irish National Liberation Army (INLA) or both. Certainly, information given to League Sentinel indicates that there is at least one active INLA cell recruited from within the ranks of Red Action. This cell, which includes students from Red Action's powerbase at the University of North London, are believed to be responsible for planting the bomb that damaged a train in Victoria Station in February.

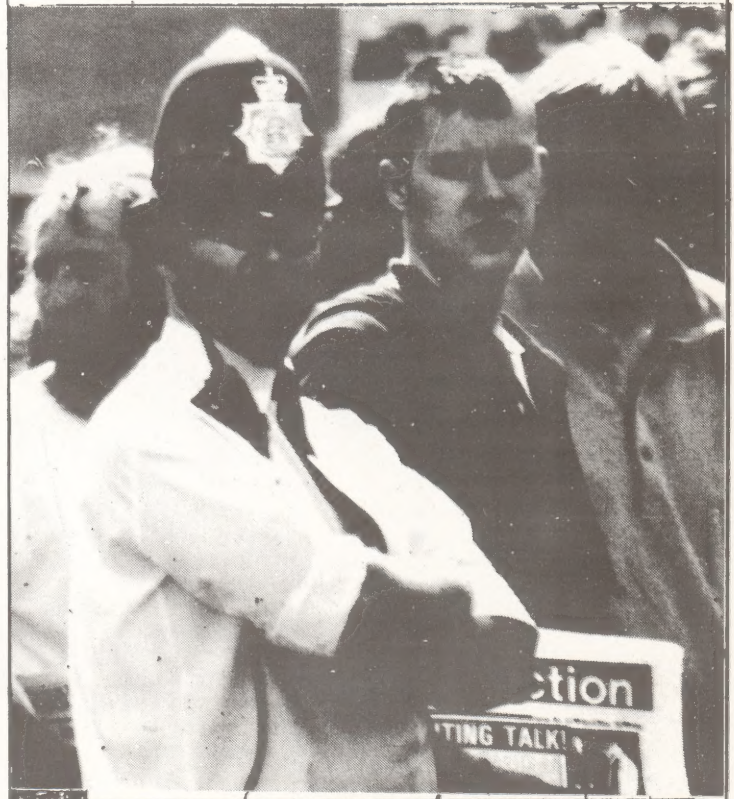

Manchester based Red Action members, are also suspected of assisting the escape of the killer of Army recruiting officer, Michael Newman who was shot and killed in Derby last April.

Already, the three men arrested by the Police on terrorist charges earlier this year, are known members of Red Action, and others are suspected of playing a key role in the "safehousing" of others. A "leading anti-Fascist" Gary O Shea, who is suspected of being one of the top men of Red Action, shared the dock at Southwark Crown Court last year with Searchlight editor Gerry Gable.

Red Action Stickers.

What took the Police so long ?

Red Action papersellers peddle their message of hate at a "Troops Out" march. Then protected by the Police, Now their colleagues are hunted by them.

TROOPS OUT MOVEMENT

TOM as it likes to be known, are the main organisers of the annual "Bloody Sunday" march through London. Whilst describing itself as "having no alliance to any political party", its habit of inviting speakers from the IRA's political wing "Sinn Fein", and their publicising of books by Gerry Adams, and "Republican Prisoners" gives more than a hint of their true loyalties.

TOM's more recent involvement in the "Casement Park" campaign to free those convicted of the 1988 murders of two British soldiers must also be noted. Similarly, it's new founded connection with "Searchlight" magazine, and therefore with "Anti-Fascist Action" must also have attracted the attention of MI5 and Special Branch.

**"TROOPS OUT " MOVEMENT**

Regular visits from

"Anti-Fascists",

**THE IRISH FREEDOM MOVEMENT.**

The Irish Freedom Movement or IFM at it is generally known, is really just a front organisation for the REVOLUTIONARY COMMUNIST PARTY. A well organised group, it is normally well represented at "Troops Out" events, and has cooperated with both Red Action and the "Troops Out Movement" on numerous occasions. Whilst IFM are not formally part of the "ANTI-FASCIST ACTION" umbrella, their close relationship with AFA must cause the Security Services some concern.

The Marxist "Provisional IRA", and their campaign of terror which has claimed the lives of hundreds of innocent men women and children, are no friends of any true Nationalists.

Their political home is with the "International" of Marxists and Trotskyists.

League Sentinel have made available copies of it's extensive files on those Marxist and Anti-Fascist Groups who are most likely to be giving the bombers assistance and comfort, to both Special Branch and MI5, and we wish them "Good Hunting".

LEAGUE OF ST. GEORGE.

VIEWPOINT

The Nationalists who attended the recent "Troops Out" march in London, to protest against "TOM's" support of the IRA, and found themselves victims of a "mass arrest" policy by the Police, might find the following item taken from the "Sun" newspaper of some interest.

Cops pay saboteurs

POLICE have agreed to pay anti-hunt saboteurs £16,200 compensation for wrongful arrest.

The 28 saboteurs sued Sussex chief constable Sir Roger Birch after charges of threatening behaviour against them were dropped.

But last night police confirmed they are making an out of court payment.

Saboteurs' leader Simon Wild, 34, of Chichester, Sussex, said: "We are all delighted."

It is probable that all those who were rounded up like cattle (therefore Arrested !) and then transported against their will to various London Police Stations, and there held for several hours before being released without being charged, have a good case for suing the Police for "wrongful arrest". Go and see a solicitor now !!

The shameful decision by the Israeli Government to deport 400 Palestinian activists from their OWN country has set an interesting legal precedence.

In the fullness of time, when the Palestinians have regained control of their birthright, they in turn will be able to use the precedent to deport Israeli's, and even more interesting, any future Nationalist government in Britain could use the same reasoning to deport British born "ethnics and Zionists".

Congratulations to Rabbi Hugo Gryn, for his comments to British zionists that the Jews are a people "who cannot shout about ethnic cleansing in Bosnia, when what happens in Israel is no difference. What the Israeli government did is a clear violation of human rights".

The Cosmopolitan "New Yorker" magazine has been strongly condemned by both Black and Jewish organisations, over the front cover of their February issue, which features an Orthodox Male Jew, kissing a Black woman.

The magazine defended the picture by claiming it represented "Hope of Racial Harmony".

It would seem that despite the many members of the Jewish religion who work in the Race Relations industry, their more Orthodox co-religionists do not want to see their men kissing Black women.

The complaints from the black community are not as clear, but one wonders if they would have had a strong point of view if the picture had been of a Black male, kissing a Blonde woman.

I think not, Hypocrites One and All !

"WORLD IN ACTION" Continued from page 7.

World in Action then decided to interview the two "accused". But not for them, was the polite invitation to attend a comfortable studio for an interview with tea and biscuits, instead the WIA team, complete with "minders" ambushed the Nationalists in the street. Eddie Whicker was told that WIA wanted to ask him questions about C18 and a Loyalist group, but they then neglected to ask any questions about C18 !! Charlie Sargent denied all knowledge of C18, and any Loyalist connection, and was then assaulted by a WIA "minder" as he tried to prevent the camera being pushed aggressively into his face. The only evidence that was constantly referred to throughout the programme were

copies of "Redwatch", and it was obvious that WIA's research team were not aware of suspicions within the Nationalist community that some issues of "Redwatch" were in fact forgeries prepared by a left-wing group.

As an objective exercise, World in Action FAILED to establish their allegations of a "Nazi Terror Group" operating in Britain, but we wonder will their intrepid team of former burglar Gerry Gable, "Time Out" writer Quentin Mc Dermott, and the co-author of a book with renegade Nazi Ray Hill, Andrew Bell, now investigate a real "Republican Terror Group in Britain" namely "Red Action", or would this be too close to home ??

LEAGUE NEWS.

"Merrie England 2000" is the title of a new book by Colin Jordan. It comes so highly recommended by the Jewish Board of Deputies that, they have even recommended that the Director of Public Prosecutions reads it!

Congratulations to Mr Roger Barden, a Regional Press Officer for the BNP, for an excellent series of letters to his local "Guardian and Herald" newspaper. The letters have been extremely well written, and has provoked good local response. Congratulations also to the editor of this paper, for having the courage to print the letters.

The "Invisible Empire Knights of the KKK" have written to inform us that they have now changed their address. The new address is..... PO Box 700, Gulf, N.C. 27256, USA

Issue number 2 of "TARGET", is now available direct from A.Jones. BM Box 4534, London. WC1N 3XX. Price: 3 x 1st class stamps.

"Pro-Fascist Action", the publishers, say that they are disappointed with the lack of support for "Target" from British Nationalists.

Although they have funds for the next issue, this could very well be the last unless more donations are forthcoming.

We also understand that they are very disappointed with the lack of orders from Nationalist branches.

Judging by the "shock-horror" reaction from the opposition, it would really be a shame if this publication was allowed to die through the lack of funds.

"The Oak" is a new National Socialist publication on the market, and it is highly recommended for serious students of the subject. No flashy artwork, but a serious in depth study of the various facets of National Socialism.

For a sample copy, send 5 x 1st class stamps to.. PO Box 256, Gravesend, Kent.

Another new publication out is "The Order".

A snappy booklet sized magazine which covers the skinhead music scene, as well as football news. Whilst this is a publication aimed mainly at the younger Nationalist, it is full of interesting articles and news from all over the world.

League Sentinel normally avoids criticising other Nationalists, but we must bend this rule, to criticise the editor of "Vanguard" magazine, for refusing to accept a paid advertisement from Steven Books, on the grounds that they sometimes sell "National Socialist" publications.

Steven Books are well known, and well respected, for their large selection of Nationalist books and tapes, of "Historical interest".

It is bad enough the opposition doing their best to censor what we choose to read, without our fellow Nationalists doing the same thing.

Renegade Nazi, Ray Hill, was spotted in London recently near the Commonwealth Institute. Our "mole" tells us that Ray was attending a "Fashion Show" (or is it fashion shoah?) organised by the Joint Israel Appeal Committee, to raise funds for various projects in the bandit State. The highlight of the evening was a "Fashion Parade" featuring new collections by top designers. Unfortunately our "mole" couldn't get near enough to tell us what type of dress Ray was wearing !!!

"they march with us still in spirit"

MOSLEY

RACE, THE FIRST REALITY OF EUROPEAN UNITY.

In 1948, Europe was still a predominantly White nation, as then untroubled by the mass influx from the third world. Germany, was still occupied by allied forces, and partitioned by the various occupying armies. In Britain, Sir Oswald Mosley was campaigning vigorously for a United Europe, a European Union of the people. In this article, first printed in "Union" magazine on the 15th of May 1948, Sir Oswald confirms that the foundation of European Unity is RACE.

Race is the first reality of European Unity. The rest is mostly words, like the old League of Nations.

This unique stock of men in Europe, has in fact produced the culture, the values and the achievement of the West.

This Race, in their family of Europe, have produced most things that matter on this globe. This achievement has been the result of their character, which in turn was the result of their Race.

Horses go further and faster than donkeys, because they are horses and not donkeys. We cannot avoid the basic facts of nature, even if we would. Nor can we drown them beneath a verblage of words.

If we are to build, then surely we must build on real foundations, and I know that we do.

Therefore I affirm the fact that the first reality and rock foundation of European Union is Race!

Who are our nearest kindred? The answer is the German people. The British and the Germans are the most closely related of all European peoples. The Northern French also belong to this close circle of Race or Family, and were united with the Germans under Charlemagne.

Near in Blood to us, and the Germans, are the whole Northern block of Sweden, Norway and Denmark. A related stock is also the great family of the Latin nations, whose culture has adorned the illuminated pages of European history.

European Union requires all of these peoples. All that matters in the past, they have in common; the future can belong to all of them.

What today is the first lack in the Union of Europe? It is that people who are most clearly related to us in Blood and Race, are divided in their lands and subjected by British Government, and others, to an alien oppression.

The Unity of Germany, and full restoration of all her lands and peoples is the first necessity of European Union. Whilst we permit German lands and people to be divided and subjected to both Russian communism, and to a variety of alien occupations, we commit a crime against our own Blood

You cannot deny nature; you cannot create in defiance of reality.

The Germans must and will unite in Freedom; this is the principle which I ask the kindred people of Britain to affirm and, in doing, to build the Europe of the future on foundations which will endure.

Union Movement declares the right of each great people of Europe to unite, and then as a united people, to enter the wider Union of Europe!

Sir Oswald Mosley.

THE CLARENDON CLUB MEETS AGAIN...

"Once More into the Mire"

Speakers : DAVID IRVING,
and Special Guests to be announced.

OUR TRADITIONAL ENEMIES are at it again. In 1914 they dragged us into the First World War : millions died in the conflagration that blighted Europe for half a century. They did it again twenty-five years later, in 1939, dragging us into a private squabble that was everything to do with them, and nothing to do with us.

They dragged us into the Gulf War, killing countless hundreds of thousands with every means of bestiality known to the modern military mind. And now they want to drag us into war again - into the Balkans, in the name of a European confederation that is a slough of political corruption, of financial criminality, and of sordid self-interest.

ENOUGH ! It is time for the native British to put Britain first - to tell our alien advisers, who are once again grabbing at a chance to turn a quick profit from the misery of others, that we will have no truck with them. Let us now find our own voice and speak up for our own people. We have fought other people's battles too often before.

(Other matters will also be discussed at the meeting)

Once More into the Light

James Earl Ray

The Final Days of a Man

ONE THING IS CERTAIN: James Earl Ray, the man who shot Dr. Martin Luther King Jr., is not a hero. He is a man who has lived a life of crime and violence, and who has now been sentenced to hang for his part in the assassination of one of the most important leaders of the American civil rights movement.

But there is another side to the story. There is a man who has been through a long and painful journey, a man who has been searching for redemption and who has now found it. This is the story of a man who has been given a chance to live, and who has chosen to live. This is the story of a man who has been given a chance to be a man, and who has chosen to be a man.

It is a story of a man who has been through a long and painful journey, a man who has been searching for redemption and who has now found it. This is the story of a man who has been given a chance to live, and who has chosen to live. This is the story of a man who has been given a chance to be a man, and who has chosen to be a man.
